Urge Congress to Finish a Full, Fair Farm Bill

Groups from all parts of the country have joined together to demand that Congress develop and pass a full and fair Farm Bill this summer, without further delay. A full and fair Farm Bill must include farm, food and nutrition, conservation and rural economic development programs and commodity and crop insurance reforms. It must also provide renewed and enhanced funding for the now-stranded but critical subset of programs that assist the most chronically under-served segments of agriculture and our rural and urban communities. The House and Senate should immediately appoint conferees to work in an open and urgent fashion toward adopting a final full and fair Farm Bill this summer.
